Investigators are still trying to determine what sparked a shooting Monday night at the Cambridge Estates apartment complex in which a Lafayette man was injured.

Ronald Steven Maberry, 29, was treated for a gunshot wound that traveled through his upper leg. He was released from a Lafayette hospital Tuesday morning.

Maberry later was taken to the Tippecanoe County Jail on an unrelated warrant issued out of Tippecanoe Superior Court 5 and released after posting bond, said Detective Scott Galloway of the Lafayette Police Department.

Galloway said Maberry was at Cambridge Estates that night playing video games with a group of people inside a Harrow Court apartment. Maberry was outside, in a common area at the complex off Indiana 38 East, when injured.

"Several neighbors reported hearing a short, loud altercation between two unknown people," Galloway said. "It was a quick short argument before the shot was fired. Nobody heard what was said. ... (The victim) did also say there was an argument beforehand."

No arrests had been made as of Wednesday afternoon.

Descriptions of the suspects -- believed to be three to four men, one of them taller and one of them short -- also are limited and varied.

Galloway said investigators have received conflicting details from witnesses, some of whom said the suspects fled on foot. Others thought the suspects ran off the property or may have gotten in a vehicle.

He said they also are trying to determine who owned a bag of cocaine found near Maberry the night of the shooting.
